Wool BOSTON, Jan. 31.—The Commercial Bulletin will say in to-morrow's report on the wool trade of the United States: There has not been much activity locally. Interest centers largely in Australian. One Boston house made a single purchase of 500 bales of cross-breds in London this week. The increasing advance there has encouraged business here. The Atlantic milis bought in Boston 5,000 bales of new 64c quality. to arrive, at full rates. Some of the Boston pur chases in Australia, as compared with current London rates, show a profit of 5c a lb. Territory wools have advanced in Boston. Choicest fine staple now costs 55c clean, fine medium staple costs 50c clean, and only off-grade short wools from southern Utah are to be had at 45c. The strike in one mill operated by the American Woolen Company is unimportant, and has had no effect on the market. The receipts of wool in Boston since Jan. 1, 1802, have been 19,422,778 ibs, against 9,567,400 lbs for the same period i The Borton shipments to date are 28,525,260 against shipments of 25,104,140 lbs for the same period in 1901. The stock on hand in Boston Jan. 1, 1902, was 77,340,463 lbs; the total stock to-day is 68,239,033 lbs.

Fine scoureds were 71/2 per cent. to 10 per cent. above were somewhat irregular, but Cape of Good Hope and Natal sold well to the home trade and Ger many at firm rates.
